

INTERHAB UPDATE

First Quarter, 2020

The first quarter of 2020 kicked off with a legislative push - InterHab members joined together and advocated to ensure support was included in the budget for IDD providers in Kansas. A 5% IDD provider rate increase was signed into law and represents the largest single rate increase for the IDD system since 1996. In late February our focus was unexpectedly and drastically shifted to the COVID-19 pandemic, response, and needs. It has been a difficult time for all, but InterHab will continue to assist the IDD community every single day.

Check out the work InterHab accomplished this quarter!

The first three months busy with successful advocacy work, followed by the unexpected COVID-19 pandemic.

InterHab members worked closely this legislative session to ensure a 5% rate increase for IDD providers, along with additional funds for tiny-k. Pictured here is a group of InterHab members spending a day at the statehouse to ensure Kansas with IDD were not forgotten during the budget process. Thank you to all our members and your advocacy!

GOVERNMENTAL AFFAIRS RECAP

5% RATE INCREASE
2M ADDITIONAL TINY-K FUNDS

INTERHAB HELD TWO TRAININGS ON THE WEB
Members attended Deep Dive: Prader Willi & Fragile X, as well as Stage-Based Strategies for Dementia Care.

COVID-19 COMMUNICATIONS

27 INFORMATIONAL EMAILS WERE SENT TO MEMBERS
25 MESSAGES AND DOCUMENTS WERE UPLOADED TO THE COVID-19 RESOURCE NETWORK

COVID-19 RESPONSE

 <p>INTERHAB STRATEGY</p>	 <p>Created new COVID-19 Resource Network, providing daily updates</p>	 <p>Addressed continued issues - FFCRA, PPE, Appendix K, etc.</p>	 <p>Worked closely with state & federal partners, MCOs, and national associations</p>
--	--	---	---

InterHab will continue to assist members in all COVID-19 pandemic needs.

Safe Harbor

Written by: Matt Fletcher

The events that transpired in the first quarter of 2020 could have filled an entire year... and then some... As the year began to unfold, InterHab engaged state policymakers on Final Rule, IDD waiver amendments, TCM and oversight concerns. The association also led the charge within the legislature on new resources for the IDD system, new support options for Kansans with IDD who also have behavioral health needs and elimination of the state's IDD waiting list. By March, \$22 million in new IDD funds had been added to the legislature's budget for SFY 2021. That budget bill was signed into law by Governor Kelly.

But March also brought a new issue... COVID-19. InterHab engaged the state early in March to discuss IDD system needs in light of the growing pandemic. Since that time, InterHab has remained in constant contact with the state, MCOs and federal counterparts in order to help the IDD provider network adapt to this unprecedented crisis. InterHab has connected its members to resources, provided information and expertise to state policymakers and forged new partnerships with businesses in order to improve circumstances for Kansans with IDD.

We greatly appreciate the ability to continue serving each of our members during this difficult time. And we truly believe that our combined efforts during the second quarter of 2020 will yield brighter days and calmer seas.

Welcome Holden Sawyer Shreve to the InterHab Family!"

Holden joined the team on 2.26.20 weighing 6 pounds, 7 ounces and 19 1/4 inches tall.
